

# Contents

## Section 1: Anatomy and Physiology

- 1. The Evolution of the Human Voice and Speech: Key Components in the Story of Our Uniqueness** 3  
*Jeffrey T Laitman, Joy S Reidenberg*
- 2. History of Laryngology** 15  
*Tjosen Tjoa, Sunil P Verma*
- 3. Gross Anatomy of the Larynx** 23  
*Gerhard Friedrich, Georg P Hammer*
- 4. Microanatomy of the Vocal Folds** 45  
*Shigeru Hirano*
- 5. Biomechanics, Fundamentals of Vibration, and Flow** 51  
*Jack J Jiang, Matthew R Hoffman*
- 6. Basics of Voice Acoustics—A Tutorial** 63  
*Christian T Herbst, Jan G Švec*
- 7. Whisper** 81  
*Ronald C Scherer, Johan Sundberg, Ramya Konnai*
- 8. Nervous System, Proprioception, and Reflexes** 89  
*Christy L Ludlow*
- 9. Genetics and Voice** 99  
*Elizabeth Erickson-DiRenzo, Susan L Thibeault*

## Section 2: Evaluation of the Voice and Larynx

- 10. Multidisciplinary Evaluation and Voice Lab** 113  
*Douglas M Hicks*
- 11. The Voice History** 119  
*Jaime Eaglin Moore, Amanda Hu*
- 12. Wellness, Health and Voice** 129  
*Mike Roizen*
- 13. The Head and Neck Evaluation of a Vocalist** 139  
*Brian B Burkey, Kyra Osborne*
- 14. Voice Sound Perception** 145  
*Rahul Shrivastav, Katherine Verdolini Abbott*
- 15. Objective Voice Assessment** 155  
*Rita R Patel, Michael S Harris, Stacey L Halum*
- 16. Measuring Voice-Related Quality of Life** 169  
*Michael S Benninger, Barbara H Jacobson*

| <i>Robbi A Kupfer, Norman D Hogikyan</i>  |            |
| <b>59. Laryngeal Papilloma</b>  | <b>739</b> |
| <i>Craig Berzofsky, Michael J Pitman</i>  |            |
| <b>60. Benign Tumors of the Larynx</b>  | <b>757</b> |
| <i>John T Sinacori, Craig S Derkay</i>  |            |

### Section 6: Vocal Fold Paralysis/Paresis

|   |            |
|---|------------|
| <b>61. Principles and Timing of Treatment—Unilateral</b>                              | <b>773</b> |
| <i>Joel H Blumin</i>  |            |
| <b>62. Classification of Laryngoplasty</b>  | <b>777</b> |
| <i>Hans F Mahieu</i>  |            |
| <b>63. Vocal Fold Injection</b>   | <b>791</b> |
| <i>Paul C Bryson, Conor Devine</i>  |            |
| <b>64. Medialization Laryngoplasty (Thyroplasty) and Arytenoid Rotation/Adduction</b> | <b>805</b> |
| <i>Michael S Benninger</i>  |            |
| <b>65. Reinnervation</b>  | <b>813</b> |
| <i>Robert R Lorenz, Roger L Crumley</i>   |            |
| <b>66. Surgery for Bilateral Vocal Fold Immobility</b>                                | <b>821</b> |
| <i>Mona Abaza</i>   |            |
| <b>67. Reinnervation for Bilateral Vocal Fold Paralysis</b>                           | <b>831</b> |
| <i>Jean-Paul Marie</i>  |            |

### Section 7: Airway Obstruction and Stenosis

|  |            |
|--|------------|
| <b>68. Laryngotracheal Stenosis—Definitions and Pathogenesis</b> | <b>843</b> |
| <i>Alessandro de Alarcón, Aliza P Cohen, Michael J Rutter</i>    |            |
| <b>69. Tracheostomy</b>  | <b>849</b> |
| <i>John Heaphy, Rod Rezaee, Pierre Lavertu</i>                   |            |
| <b>70. Managing Glottic Stenosis</b>                             | <b>859</b> |
| <i>Glendon M Gardner</i>   |            |

|                                      |            |
|--------------------------------------|------------|
| <b>71. Subglottic Stenosis</b>       | <b>877</b> |
| <i>Robert R Lorenz</i>               |            |
| <b>72. Tracheal Stenosis</b>         | <b>887</b> |
| <i>Sonali Sethi, Thomas R Gildea</i> |            |

## Section 8: Premalignant and Early Laryngeal Cancers

|  |            |
|--|------------|
| <b>73. Leukoplakia</b>  | <b>901</b> |
| <i>Michael P Gailey, Harry T Hoffman</i>   |            |
| <b>74. Premalignant and Early Malignant Lesions of the Larynx</b>  | <b>915</b> |
| <i>Jonathon O Russell, Joseph Scharpf</i>  |            |
| <b>75. Classification of Transoral Laser Microsurgery</b>  | <b>931</b> |
| <i>Scott H Troob, Gady Har-El</i>  |            |

## Section 9: Office Laryngeal Surgery

|  |            |
|--|------------|
| <b>76. Setup and Safety in Office Procedures</b>   | <b>941</b> |
| <i>Steven A Bielamowicz</i>                        |            |
| <b>77. Anesthesia for Office-Based Laryngology</b> | <b>947</b> |
| <i>Catherine Rees Lintzenich</i>                   |            |
| <b>78. Excisions of Laryngeal Masses</b>           | <b>951</b> |
| <i>Markus M Hess, Susanne Fleischer</i>            |            |
| <b>79. Office-Based Laryngeal Laser Surgery</b>    | <b>959</b> |
| <i>Christopher M Bingcang, Seth H Dailey</i>       |            |
| <b>80. Office-Based Esophagology</b>               | <b>971</b> |
| <i>Maggie A Kuhn, Peter C Belafsky</i>             |            |

## Section 10: Voice Practice and New Innovations

|  |             |
|--|-------------|
| <b>81. New and Emerging Technology</b> | <b>985</b>  |
| <i>Diane M Bless, Charles N Ford</i>   |             |
| <b>82. Developing a Voice Practice</b> | <b>997</b>  |
| <i>Ted Mau, C Gaelyn Garrett</i>       |             |
| <b>83. Laryngeal Transplantation</b>   | <b>1005</b> |
| <i>David G Lott, Marshall Strome</i>   |             |
| <i>Index</i>                           | <b>1015</b> |
