SECTION 1: DEFINITIONS

Definitions	1
-------------------	---

SECTION 2: LONG CASES

1. Toxic Goiter	16
2. Solitary Thyroid Nodule (Nontoxic)	38
3. Papillary Carcinoma Thyroid with Lymph Node Metastases	45
4. Multinodular Goiter	60
5. Early Breast Cancer	67
6. Advanced Breast Cancer.....	87
7. Epigastric Lump.....	98
8. Right Hypochondrial Lump without Jaundice	113
9. Right Iliac Fossa Mass (Suspected Ileocecal Tuberculosis).....	121
10. Suspected Carcinoma of the Cecum.....	127
11. Appendicular Mass.....	139
12. Obstructive Jaundice.....	144
13. Varicose Veins.....	158
14. Peripheral Occlusive Vascular Disease.....	176
15. Lymphoma	194
16. Renal Swelling.....	209
17. Pseudocyst of Pancreas	220
18. Retroperitoneal Tumor.....	226
19. Testicular Malignancy.....	233
20. Portal Hypertension.....	245
21. Mesenteric Cyst	260

SECTION 3: SHORT CASES

22. Nonthyroid Neck Swelling	265
23. Tuberculous Cervical Lymph Node.....	268
24. Cervical Metastatic Lymph Node (Carcinoma of Unknown Primary) and Neck Dissections	277
25. Carcinoma Tongue with Submandibular Lymph Node	289
26. Carcinoma of Gingivobuccal Complex (Indian Oral Cancer).....	299
27. Parotid Swelling.....	304
28. Submandibular Sialadenitis	316
29. Ranula, Plunging Ranula, Sublingual Dermoid and Mucous Cyst.....	320

30. Thyroglossal Cyst, Lingual Thyroid, Ectopic Thyroid, Subhyoid Bursa and Carcinoma Arising in Thyroglossal Cyst	323
31. Branchial Cyst, Branchial Fistula, Cystic Hygroma and Carotid Body Tumor	329
32. Soft Tissue Sarcoma of the Extremities	336
33. Neurofibroma, Von Recklinghausen's Disease	344
34. Lipoma (Universal Tumor).....	350
35. Sebaceous Cyst/Epidermoid Cyst/Wen/Dermoid Cyst.....	353
36. Ulcer.....	358
37. Malignant Melanoma	367
38. Basal Cell Carcinoma/Rodent Ulcer	380
39. Squamous Cell Carcinoma (Epithelioma).....	385
40. Carcinoma Penis.....	392
41. Congenital Arteriovenous Fistula/Hemangioma/Compressible Swelling	400
42. Unilateral Lower Limb Edema	409
43. Hydrocele of Tunica Vaginalis Sac (Epididymal Cyst, Spermatocele, Varicocele, Hematocele, Chylocele, etc.).....	418
44. Inguinal Hernia/Femoral Hernia	426
45. Incisional Hernia (Ventral Hernia, Postoperative Hernia)	444
46. Epigastric Hernia (Fatty Hernia of the Linea Alba)	450
47. Paraumbilical Hernia, Umbilical Hernia in Adults and Children.....	452
48. Desmoid Tumor, Interparietal Hernia (Interstitial), Spigelian Hernia	457
49. Gynecomastia/Male Breast Carcinoma	460
50. Fibroadenoma/Cystosarcoma/Breast Cyst/Fibroadenosis/Fibrocystic Disease/Mastalgia/Mastopathy/Chronic Mastitis/Nipple Discharge	467

SECTION 4: RADIOLOGY AND IMAGING

Radiology Questions and Answers.....	476
--------------------------------------	-----

SECTION 5: IMPORTANT TABLES AND CHARTS

General	537
Trauma	543
Burns.....	548
Neck	551
Breast.....	552
Abdomen	555
Vascular.....	563
Limbs	566
Anorectal.....	570
<i>Index</i>	573
