Chapter 1: Introduction to Child Health	1	Chapter 5: Nutrition in Children	44
❖ Concept of Child Health 1		❖ Nutritional Requirements in Children 44	
❖ Trends in Child Health Care 2		❖ Breastfeeding 48	
❖ Child Health Problems 4		❖ Complementary Feeding or Weaning 54	
❖ Disease Patterns in Children 5		❖ Artificial Feeding 55	
❖ Statistics Related to Child Health 6		❖ Feeding Problems 56	
❖ Child Health Care in India 8		❖ Balanced Diet for Children 57	
❖ Rights of the Child 9		❖ Assessment of Nutritional Status 57	
❖ Universal Children's Day 9		❖ Nutritional Counseling and Guidance 59	
❖ National Policy for Children 10		❖ National Nutritional Policy 60	
❖ Children Act 10		❖ National Programmes on Nutrition 61	
Chapter 2: Introduction to Pediatric Nursing	12	Chapter 6: Newborn Infant	62
❖ Concept of Pediatric Nursing 12		❖ Healthy Newborn Infant 62	
❖ Goals of Pediatric Nursing 12		❖ Common Health Problems of the Newborn Baby 70	
❖ Qualities of Pediatric Nurse 12		❖ Apnea in Neonates 83	
❖ Role of the Pediatric Nurse 12		❖ High-risk Neonates 100	
❖ Functions of Pediatric Nurse 13		❖ Kangaroo Mother Care 106	
❖ Trends in Pediatric Nursing 14		❖ Grades of Neonatal Care 111	
❖ Emerging Challenges in Pediatric Nursing 14		❖ Transport of Sick Neonates 112	
❖ Nursing Process Related to Pediatric Nursing 15		Chapter 7: Growth, Development and the Healthy Child	115
❖ Concept of Preventive Pediatrics 21		❖ Growth and Development 115	
Chapter 3: Preventive Pediatrics	21	❖ Needs of the Healthy Child 129	
❖ Family Health 21		❖ Health Promotion of Children and Guidance to Parent for Child Care 135	
❖ Maternal and Child Health 22		Chapter 8: Sick Child	138
❖ Reproductive and Child Health 22		❖ Setting of Pediatric Illness Care Delivery 138	
❖ Baby Friendly Hospital Initiative 23		❖ Hospitalization of Sick Child 139	
❖ Integrated Child Development Services 24		❖ Child's Reaction to Hospitalization and Prolonged Illness 139	
❖ National Health Mission 25		❖ Effects of Hospitalization on the Family of the Child 140	
❖ Under-Five's Clinic 26		❖ Role of Nurse to Help to Cope with Stress of Illness and Hospitalization of Children 140	
❖ School Health Service 28		❖ Nursing Interventions and Adaptations in Nursing Care of Sick Child 141	
❖ Integrated Management of Neonatal and Childhood Illness 29		Chapter 9: Common Health Problems during Childhood	166
❖ Child Labor 30		❖ Fever 166	
❖ Street Children 30		❖ Excessive Cry 168	
❖ Gender Bias 31		❖ Vomiting 168	
❖ Female Feticide 31		❖ Diarrhea 170	
❖ Child Abuse and Neglect 32		❖ Constipation 170	
❖ National Health Programs for Children in India 33		❖ Abdominal Pain 170	
❖ Nursing Responsibilities in Preventive Pediatrics 34		❖ Abdominal Distension 171	
Chapter 4: Immunization	35	❖ Allergies 171	
❖ Vaccine Preventable Diseases 35		❖ Poisoning 172	
❖ Immunizing Agents 35		❖ Bites and Stings 174	
❖ National Immunization Schedule 36		❖ Foreign Bodies 176	
❖ Immunization of Children 37		❖ Multiple Injuries 177	
❖ Cold Chain 42			
❖ Nursing Responsibilities for Child Immunization 43			

❖ Failure to Thrive	177		
❖ Developmental Disorders	178		
Chapter 10: Behavioral Disorders in Children		180	
❖ Behavioral Problems of Infancy	181		
❖ Behavioral Problems of Childhood	181		
❖ Behavioral Problems of Adolescence	185		
❖ Nursing Responsibilities in Behavioral Disorders of Children	186		
Chapter 11: Congenital Anomalies		187	
❖ Concepts of Congenital Anomalies	187		
❖ Etiology of Congenital Anomalies	188		
❖ Diagnostic Approaches	189		
❖ Common Congenital Anomalies	189		
❖ Prevention of Congenital Anomalies	193		
❖ Genetic Counseling	193		
❖ Nursing Responsibilities Towards Congenital Anomalies	194		
Chapter 12: Nutritional Deficiency Disorders		195	
❖ Ecology of Malnutrition	196		
❖ Assessment of Nutritional Problems	196		
❖ Protein-energy Malnutrition	197		
❖ Vitamins and their Deficiency Disorders	201		
❖ Minerals and their Deficiency Disorders	205		
❖ Community Nutrition Programs	207		
Chapter 13: Fluids, Electrolytes and Acid-Base Disturbances		209	
❖ Body Fluids	209		
❖ Electrolyte Composition of Body Fluids	210		
❖ Acid-Base Balance	210		
❖ Fluid Imbalance	211		
❖ Electrolyte Imbalance	212		
❖ Acid-Base Imbalance	213		
❖ Clinical Conditions Requiring Fluid Therapy	215		
❖ Monitoring of Fluid and Electrolyte Imbalance	215		
Chapter 14: Common Communicable Diseases in Children		217	
❖ Common Viral Infections	217		
❖ Common Bacterial Infections	234		
❖ Common Parasitosis in Children	246		
Chapter 15: Respiratory Diseases		259	
❖ Acute Respiratory Infections	259		
❖ Bronchiectasis	262		
❖ Emphysema	264		
❖ Atelectasis	265		
❖ Pleural Effusion	265		
❖ Empyema	266		
❖ Pneumothorax	266		
❖ Lung Abscess	267		
❖ Bronchial Asthma	267		
❖ Status Asthmaticus	268		
❖ Drowning and Near-Drowning	271		
❖ Cystic Fibrosis	271		
Chapter 16: Diseases of Gastrointestinal System and Liver		273	
❖ Diarrheal Diseases	273		
❖ Dysentery	277		
❖ Malabsorption Syndrome	278		
❖ Ulcerative Colitis	279		
❖ Hypertrophic Pyloric Stenosis	280		
❖ Esophageal Atresia with Tracheoesophageal Fistula	281		
❖ Gastroesophageal Reflux Disease	283		
❖ Intestinal Obstruction	284		
❖ Acute Abdomen	285		
❖ Appendicitis	286		
❖ Hirschsprung's Disease	287		
❖ Anorectal Malformations	289		
❖ Umbilical Malformations	291		
❖ Hernia	292		
❖ Rectal Prolapse	293		
❖ Pancreatitis	293		
❖ Jaundice (Icterus)	294		
❖ Hepatomegaly	294		
❖ Extrahepatic Biliary Atresia (EHBA)	295		
❖ Liver Abscess	296		
❖ Indian Childhood Cirrhosis	296		
❖ Etiology	296		
Chapter 17: Heart Diseases in Children		298	
❖ Fetal Circulation	298		
❖ Congenital Heart Disease	300		
❖ Congestive Cardiac Failure	306		
❖ Acute Rheumatic Fever	307		
❖ Rheumatic Heart Disease	309		
❖ Infective Endocarditis	310		
❖ Cardiomyopathy in Children	312		
Chapter 18: Childhood Blood Dyscrasias		313	
❖ Anemia	313		
❖ Iron Deficiency Anemia	315		
❖ Megaloblastic Anemia	318		
❖ Hereditary Spherocytosis (Congenital Hemolytic Anemia, Familial Acholuric Jaundice)	318		
❖ Sickle Cell Anemia	318		
❖ Aplastic Anemia	319		
❖ Thalassemia (Cooley's Anemia, Mediterranean Anemia)	319		
❖ Hemophilia	322		
❖ Leukemia	324		
❖ Bleeding Disorders/Purpura	327		
❖ Disseminated Intravascular Coagulation	329		
❖ Immunodeficiency	329		
Chapter 19: Disorders of Kidney and Urinary Tract		333	
❖ Congenital Abnormalities of the Kidney and Urinary Tract	333		
❖ Wilms' Tumor (Nephroblastoma)	336		
❖ Nursing Management of the Child with Urologic Surgery	337		
❖ Acute Glomerulonephritis	337		
❖ Chronic Glomerulonephritis	339		
❖ Urinary Tract Infections	339		
❖ Nephrotic Syndrome	340		
❖ Acute Renal Failure	341		
❖ Chronic Renal Failure	344		
❖ Care of the Child Who Undergoes Dialysis	345		
Chapter 20: Burns and Skin Diseases		347	
❖ Burns in Children	347		
❖ Common Skin Diseases in Children	352		

Chapter 21: Diseases of Central Nervous System	356			
❖ Child in Coma	356			
❖ Meningitis	359			
❖ Encephalitis and Encephalopathy	361			
❖ Guillain-Barré Syndrome (Infective Polyneuritis)	363			
❖ Convulsive Disorders	363			
❖ Cerebral Palsy	367			
❖ Mental Retardation	369			
❖ Autism or Autism Spectrum Disorders	371			
❖ Down Syndrome (Mongolism)	371			
❖ Neural Tube Defects (Myelodysplasia, Dysraphism)	372			
❖ Hydrocephalus	374			
❖ Intracranial Space-occupying Lesions	377			
❖ Brain Tumors	377			
❖ Head Injury (Craniocerebral Trauma)	378			
Chapter 22: Endocrine Disorders in Children	382			
❖ Short Stature	382			
❖ Disorders of Pituitary Glands	383			
❖ Diabetes Insipidus	383			
❖ Disorders of Thyroid Glands	384			
❖ Disorders of Parathyroid Glands	386			
❖ Disorders of Adrenal Glands	387			
❖ Congenital Adrenal Hyperplasia	387			
❖ Ambiguous Genitalia	388			
❖ Undescended Testes (Cryptorchidism)	388			
❖ Precocious Puberty	389			
❖ Delayed Sexual Development (Delayed Puberty)	390			
❖ Menstrual Abnormalities	390			
❖ Obesity	392			
❖ Diabetes Mellitus	392			
Chapter 23: Eye, ENT and Oro-dental Problems in Children	396			
❖ Diseases of the Eye	396			
❖ Ear Problems in Children	400			
❖ Disorders of Nose	404			
❖ Disorders of Throat	405			
❖ Dental Problems	407			
❖ Problems of Oral Cavity	408			
❖ Cleft Lip and Cleft Palate	409			
Chapter 24: Musculoskeletal Disorders in Children	412			
❖ Disorders of Muscles	412			
❖ Disorders of Bones	413			
❖ Diseases of Joints	421			
Chapter 25: Handicapped Children (Specially-abled) and Child Welfare	424			
❖ Handicapped Children (Specially-abled)	424			
❖ Welfare of Children	427			
Appendices	433			
❖ Appendix I: Basic Care of the Baby at Birth	433			
❖ Appendix II: Children Learn what they Live	433			
❖ Appendix III: Prelude 434, His Name is 'Today'	434			
❖ Appendix IV: Height and Weight of Indian Boys and Girls from 1 to 18 Years	435			
❖ Appendix V: Normal Blood Pressure Values at Various Ages	436			
❖ Appendix VI: Calculation of Approximate Surface Area from Weight in Children with Normal Physique	436			
		❖ Appendix VII: Mean Urine Output at Different Ages	437	
		❖ Appendix VIII: Normal Biochemical Values	437	
		❖ Appendix IX: Acid-base Status (Arterial)	438	
		❖ Appendix X: Normal Hematological Values	439	
		❖ Appendix XI: Cerebrospinal Fluid Constituents	440	
		❖ Appendix XII: Modified Glasgow Coma Scoring System	441	
		❖ Appendix XIII: Oxygen Therapy and Delivery Devices	441	
		❖ Appendix XIV: Pediatric Basic Life Support (AHA Guidelines-2020)	442	
		❖ Appendix XIVA: Basic Life Support (BLS) Maneuvers of Cardiopulmonary Resuscitation (CPR)	443	
		❖ Appendix XV: Optimal Timing for Surgical Correction	443	
		❖ Appendix XVI: Neutral Thermal Environmental Temperatures	445	
		❖ Appendix XVII: Neonatal Resuscitation Algorithm (2020)	446; Overview of Significant NRP 8th Edition Practice Changes	447
		❖ Appendix XVIII: Identifying Intrauterine Growth Retardation in a Newborn	448	
		❖ Appendix XIX: Maturation Assessment of Gestational Age (New Ballard Score)	449	
		❖ Appendix XX: Routine Examination of Newborn Infants	450	
		❖ Appendix XXI: Transient Abnormalities in the First Few Days of Life	451	
		❖ Appendix XXII: Overview of Common Neonatal Medical Problems	452	
		❖ Appendix XXIII: Fetal-Infant Growth Chart for Preterm Infants	453	
		❖ Appendix XXIV: IMNCI Case Management Process	454	
		❖ Appendix XXV: Emergency Triage Assessment and Treatment	455	
		❖ Appendix XXVI: Neonatal Drug Chart	457	
		❖ Appendix XXVII: Pediatrics Drug Dosages/Regimens 457; Antituberculosis Antibiotics 458; Management of Pediatric Tuberculosis under the Revised National Tuberculosis Control Program (RNTCP) 459; Chemoprophylaxis 459; Management Algorithm for Treating Acute Asthma in a Hospital	460	
		❖ Appendix XXVIII: Bio-Medical Waste (BMW) Management	461	
		❖ Appendix XXIX: IMNCI Protocol	462	
		❖ Appendix XXX: Steps of Hand Wash (WHO Recommended)	470	
		❖ Appendix XXXI: Steps of Hand Rub (WHO Recommended)	471	
		❖ Appendix XXXII: The Glove Pyramid: To Aid Decision Making on When to Wear (and not Wear) Gloves	472	
		❖ Appendix XXXIII: WHO Child Growth Standards	473	
		❖ Appendix XXXIV: WHO Child Growth Standards	474	
		❖ Appendix XXXV: National Immunization Schedule	475	
		❖ Appendix XXXVA: Revised National Immunization Schedule	477	
		❖ Appendix XXXVI: SAANS Annexure 1 478; SAANS Annexure 3 479; ASHA Screening Format	480	
		❖ Reporting from States/UTs to MoHFW	481
